Printing house

This year's calendar edition of Kryolan presents once again images inspired by the unequalled beauty of nature - this time we bow to the beauty of the world of flora rich in forms, the miracles of nature that we have within easy reach almost every day. We realised our project, not only in Aquacolor, Supracolor or Air Stream Make Up, but also by applying a few 3D effects materials such as Soft Putty, Artex, Cine-Wax, and Glatzan.

Thanks to them and our professional Kryolan accessories, as well as imagination of the calendar designers, we may offer you our Magic Garden - a specific herbarium with both exotic and more common flowers, trees, and vegetables. ...

In der diesjährigen Ausgabe des Kryolan-Kalenders präsentieren wir abemals die von der Schönheit der unübertroffenen Natur inspirierten Bilder - diesmal bewundern wir die Schönheit der formen- und farbenreichen Pflanzenwelt, die Wunder der Natur, die sich fast jeden Tag in unserer greifbaren Nähe befinden. Zum ersten Mal haben wir zur Realisierung unserer Projekte neben den Aquacolor-, Supracolor- und Air Stream-Farben mehrere 3D Materialien, wie Soft Putty, Artex, Cine-Wax, Glatzan, gleichzeitig verwendet. Dank diesen Materialien - dem professionellen Kryolan-Zubehör - sowie dank der Phantasie der Kalenderdesigner können wir Ihnen unseren Magischen Garten - das eigenartige Herbarium präsentieren, in dem sowohl exotische als auch gewöhnliche Blumen, Bäume, Gemüsesorten... ihren Platz gefunden haben.

W tegorocznej edycji kalendarza Kryolanu - po raz kolejny prezentujemy obrazy inspirowane pięknem niedoścignionej natury - tym razem chylimy czoła przed pięknem bogatego w formy i kolory świata roślin, cudaminatury, której niemal codziennie mamy w zasięgu swoich rąk. Po raz pierwszy oprócz farb Aquacolor, Supracolor czy Air Stream użyliśmy do realizacji projektów jednocześnie kilku materiałów 3d effects, takich jak Soft Putty, Artex, Cine-Wax, Glatzan. To dzięki nim, dzięki profesjonalnym akcesoriom Kryolanu oraz dzięki wyobraźni twórców kalendarza - możemy Państwu zaprezentować nasz Magiczny Ogród - swoisty zielnik, w którym znalazły się zarówno egzotyczne, jak i bardziej pospolite kwiaty, drzewa, warzywa....
